

# Title of the abstract

AuthorA<sup>1</sup>, **Presenting AuthorB<sup>2,\*</sup>**, AuthorC<sup>3</sup>

<sup>1</sup>DepartmentA, InstitutionAddressA, CountryA. <sup>2</sup>DepartmentB, InstitutionAddressB, CountryB.

<sup>3</sup>DepartmentC, InstitutionAddressC, CountryC.

\*e-mail: presenting.authorB@murc.ia

Abstracts should be written in English.

Please use this template to confine the abstract to one A4 page with margins 3 cm (top, bottom, left and right), and the body of the text in Times 10pt justified on both sides. The format for references in the text is as it appears in [1, 2], and list them at the bottom of the abstract in Times 9pt. Use 0.5 cm indent in each paragraph.

Formulas can be incorporated in the text, such as  $E = \sqrt{p^2c^2 + m^2c^4}$ , or displayed like

$$A = \pi \int_a^b dx e^{-x} f(x) .$$

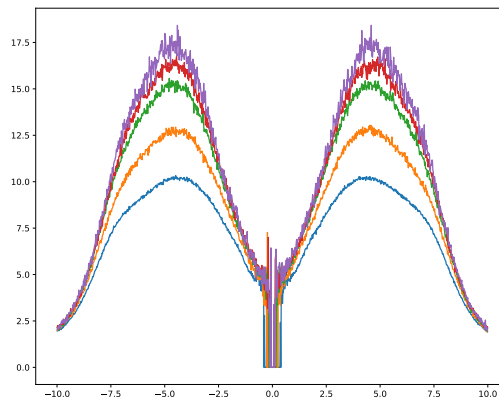

Figure 1: Figure caption in Times 9pt.

Abstracts can contain figures (with caption in Times 9pt), which can be placed in the side of the text or centred. But their location should be optimised considering that the total size of this summary cannot exceed one page.

The abstract must be submitted either as a Word document or as a PDF file.

Please, don't use diacritic symbols (like á, í, ñ, ü...) in the names of files/documents, which must be in the form **PresentingAuthorSurname-BriefTitle.tex**.

Remember that the maximum space for each abstract is only one page.

[1] Authors, *Journal* **volume**, page (year).

[2] Authors, *Book title*, publisher (year).
